

CERTIFICATE

BG – 018/01/09

In compliance with Directive 89/106/EEC of the European Community Council from 21st of December 1988 for harmonizing the laws, the regulations and the administrative decrees of the member states regarding the construction products (Construction Products Directive – CPD), amended with Directive 93/68/EEC of the Council of the EC from 22 July 1993, implemented in the Bulgarian legislation with part two of the Regulation for essential requirements for the constructions and conformity assessment of construction products is concluded that the construction product

PVC PROFILES – THREE-CHAMBER, FOUR-CHAMBER AND FIVE-CHAMBER

intended for production of doors and windows

Produced by:

VIAS Ltd.

Shumen, 68 A Rishki prohod blvd.

In the factory, situated in:

Shumen, 68 A Rishki prohod blvd.

is subject to initial type testing, to production control and ongoing testing of samples taken from the production as per established testing plan, and that the product certification body EUROBULCERT Ltd. has conducted initial control (audit) of the production control and is performing constant control (surveillance), assessment and approval of the production control.

This certificate verifies that all requirements regarding the assessment of the production control determined by:

BDS EN 477:2003; BDS EN 478:2002; BDS EN 479:2002; BDS EN 514:2003

are applied. This certificate is firstly issued on 09.12.2009 and remains valid until the requirements of the technical specification regarding the production conditions in the factory or the production control are not significantly amended.
